efficient, and easy to use CAD software. With the introduction of Omnidraw 2019, Adobe is the first major CAD software company to publish new functionality in Omnidraw 2020 without having to change the "app" folder name. New Omnidraw helps you design, model, animate and document. It is fast, easy, and efficient and is suitable for engineering, architecture, construction, drafting, and simulation applications. Online Scheduler: In Omnidraw 2019, all design views can be saved as "Schedules". You can use the Schedules view as a canvas to apply annotations and drawings to a given area. You can also synchronize the Schedules view with existing design views and projects. New Omnidraw 2019 includes a new OmniEditor
